

**Facts & Figures**

Date: October, 15 – 17, 2025

Venue & Location: Expo Guadalajara, Salón Jalisco  
Co-located with Global Foundry Show

Show floor hours:

Event cycle: Every two years

Exhibition space: 3000 sqm estimated (gross)

Exhibitors: 100 exhibitors estimated

Visitors: 5000 trade visitors estimated

Admission Criteria: Every two years, EUROGUSS MEXICO is all about innovative solutions for die casting processes such as aluminum die casting, magnesium die casting or zinc die casting. The product spectrum is rounded off by themes like rapid prototyping, CNC machines, metal alloys, die casting moulds, periphery machinery, joining processes, process optimization, energy efficiency, material testing, die casting machinery or 3D printing.

Products on display:

Die Casting Foundries	Quality assurance and control
Die Casting machines and equipment	Digitalization and Industry 4.0
Periphery and aftertreatment	Additive Manufacturing
Furnace and furnace accessories	Other service and consulting
Molds and tool making	Environmental technology, recycling, sustainability
Die Casting materials and alloys	Software
Operating materials and consumables	Research and development
Joining and connecting technology for castings	

Visitor profile:

Automotive supplier and OEMs	Mold making
Die casting foundry	Automotive manufacturer
Metal / metal production / metalworking	Services industry
Machine and plant construction	Electronics industry

Participation Fee: (VAT excl.)

Inline stand (1 side open)	385 USD/sqm
Corner stand (2 sides open)	417 USD/sqm
Peninsula stand (3 sides open)	434 USD/sqm
Island stand (4 sides open)	450 USD/sqm
